APEX PROFESSIONAL UNIVERSITY
Legislated by Govt. of Arunachal Pradesh u/s 2(f) of UGC Act

PUBLIC NOTICE

Dated: 27th July, 2018

We would like to inform the general public that allegations levelled by Adi Students Union with regard to **zero endowment fund, zero infrastructure and violation of APU Act and UGC norms** are totally wrong, baseless, misleading and frivolous and with an ulterior motive to harass the University. The allegations levelled are thus vague and without any proof, based on presumptions and far away from the truth.

The truth with regard to the Zero Endowment Fund is totally different as till date FDR of Rs. 3 Crores pledged to Government of Arunachal Pradesh has neither been withdrawn nor cancelled by the sponsoring body of the Apex Professional University. We challenge Adi Students Union to prove that APU does not have an Endowment Fund as per Apex Professional University Act 2012. This allegation is levelled with an intention to defame the University and to achieve their hidden motives.

They have claimed that APU has Zero Infrastructure and non qualified Teaching Staff. We would like to inform you that Apex Professional University has got the approval from Council of Architecture and Bar Council of India after the inspection of the University infrastructure and qualifications of the teaching staff.

Apex Professional University has 30 qualified faculty members, 19 acre land and more than 1,00,000 sq. ft built up area with 40 classrooms, 6 Laboratories, Central Library with 25,000 books and 65 Journals, Moot Court, two Seminar Halls, two play grounds, 30 bed Girls hostels, 50 bed Boys hostel, Admin Block and 7 Apartments for residence of University Officers.

Adi Student Union does not even disclose a single evidence to show that The Apex Professional University (APU) is violating any clause of the APU Act and UGC norms. Adi Student Union has made these allegations without any knowledge with regard to the working and functioning of the University. ***These baseless, fictitious and fabricated allegations seem to be politically motivated and lack deeper understanding of the matter.***

Apex Professional University submitted Lease deeds to regulatory bodies like University Grant Commission (UGC), Bar Council of India (BCI), Council of Architecture (CoA) and National Council for Teacher Education (NCTE) for approval of courses and not a single regulatory body has raised objections on the Apex Professional University being operational from a leased buildings

Is the Adi Student Union, above the Regulatory Bodies and the Law of the Land?
